

Cover-to-cover translation of the present IZVESTIYA is published by Allerton Press, Inc. New York, under the title

# *JOURNAL OF CONTEMPORARY MATHEMATICAL ANALYSIS*

(Armenian Academy of Sciences)

Below is the contents of a sample issue of the translation

Vol. 50, No. 6, 2015

## CONTENTS

|                                                                                                                                                            |     |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| D. S. DAVIDOVA, YU. M. MOVSISYAN, Hyperidentities of weakly idempotent lattices .....                                                                      | 259 |
| H. G. GHAZARYAN, On formally almost hypoelliptic polynomials of constant power .....                                                                       | 265 |
| N. NYAMORADI, Variational approach to solutions for a class of Kirchhoff type fractional differential equations without compactness conditions .....       | 275 |
| A. APLAKOV, On absolute convergence of the series of Fourier coefficients with respect to Haar-like systems in the class $BV(p(n) \uparrow p, \phi)$ ..... | 287 |
| S. L. GOGYAN, Democratic subsystems of the multiple Haar system .....                                                                                      | 296 |
| B. V. VYNNYTS'KYI, R. V. KHATS', A remark on basis property of systems of Bessel and Mittag-Leffler-type functions .....                                   | 301 |

ИЗВЕСТИЯ НАН АРМЕНИИ: МАТЕМАТИКА

том 51, номер 1, 2016

СОДЕРЖАНИЕ

|                                                                                                                      |       |
|----------------------------------------------------------------------------------------------------------------------|-------|
| М. Г. Григорян, К. А. Навасардян, О поведении<br>коэффициентов Фурье по системе Уолша .....                          | 3     |
| Г. А. Карапетян, Н. С. Сарибекян, Спектральная<br>устойчивость полуэллиптических операторов<br>высшего порядка ..... | 21    |
| В. Н. Маргарян, Сравнение двумерных многочленов .....                                                                | 38    |
| FENG LÜ, JUNFENG XU, Two results on the normality<br>criterion concerning holomorphic functions .....                | 54    |
| К. Т. Поумай, С. К. Каушик, Frames and non linear<br>approximations in Hilbert spaces .....                          | 65–76 |

IZVESTIYA NAN ARMENII: MATEMATIKA

Vol. 51, No. 1, 2016

CONTENTS

|                                                                                                       |       |
|-------------------------------------------------------------------------------------------------------|-------|
| M. G. GRIGORYAN, K. A. NAVASARDYAN, On behavior of<br>Fourier coefficients by Walsh system .....      | 3     |
| G. KARAPETYAN, N. SARIBEKYAN, Spectral stability of higher<br>order semi-elliptic operators .....     | 21    |
| V. N. MARGARYAN, Comparison of two-dimensional polynomials .....                                      | 38    |
| FENG LÜ, JUNFENG XU, Two results on the normality<br>criterion concerning holomorphic functions ..... | 54    |
| K. T. POUMAI, S. K. KAUSHIK, Frames and non linear<br>approximations in Hilbert spaces .....          | 65–76 |
