

# Բովանդակություն | Contents | Содержание

A. Chubaryan The Complexity in Frege Proofs with Substitution	7
A. Haroutunian, A. R. Ghazaryan Guessing Subject to Distortion and Reliability Criteria in the Shannon Cipher System	12
G. Sahakyan, H. V. Astsatryan Organizing of Distributed Systems Management Via Web Interface	27
A. Haroutunian Derivation by Graph Decomposition of the Random Coding and Expurgated Bounds for $E$ -capacity	31
E. Haroutunian New Bounds for $E$ -capacities of Arbitrarily Varying Channel and Channel with Random Parameter	44
V. Astsatryan The Organization of Distributed Systems by Means of PVM	60
A. Shahumyan, N. G. Baghdasaryan, E. A. Haroutunian On the Most Informative Indices Selection Method	64
A. Шагинян Анализ архитектур электронных библиотек и моделей их взаимодействия	70
A. Shahumyan Package "SIFAnalysis" on Testing Sequences Homogeneity and Computing Information Distances	80
Yu. Vasilyan The Presentation of Logic Circuit's Verilog Description through Linear Description	86
A. Shahinian A Conceptual Model of Digital Libraries Integration, Based on Metadata Architecture	91

**E. V. Yeghiazaryan, V. R. Tonoyan**  
On One Characterizer of Greedy Algorithm of the Solution of the  
Problem of Finding a Checking Test for 0-1 Matrices

**S. R. Vartanov**  
Parallel Programming in Caper

**V. R. Tonoyan**  
On One Problem of Finding Optimal Test for Permutations

**В. Г. Петросян, Р. Р. Гюлбүдагян**  
Использование гидродинамической теории ударных волн для  
разработки методики распознавания массы ударяющей детали,  
ее скорости в момент удара

**D. A. Tsirunyan**  
Creation of Pharmaceutical Inquiry Network

**А. С. Джанджутазян, В. Г. Саакян**  
Описание дефицита моделью массового обслуживания

The Organization of Descriptive Statistics by Means of MVA  
Методика описания дефицита с помощью статистики МВА

Organization of Descriptive Statistics by Means of MVA  
Методика описания дефицита с помощью статистики МВА

The Organization of Descriptive Statistics by Means of MVA  
Методика описания дефицита с помощью статистики МВА

The Organization of Descriptive Statistics by Means of MVA  
Методика описания дефицита с помощью статистики МВА

The Organization of Descriptive Statistics by Means of MVA  
Методика описания дефицита с помощью статистики МВА

A Comparative Model of Digital Library Information Based on Metrics  
A Comparative Model of Digital Library Information Based on Metrics
