The conference was dedicated to the 70-th anniversary of the academician Yu.H. Shoukourian.

В данном номере Трудов публикуются материалы конференции “Научно-образовательная Е-инфраструктура Армении: состояние и перспективы”. Конференция состоялась 12-13 ноября 2010 года в Доме симпозиумов АН и была посвящена 70- летию академика Ю. Г. Шукуряна.

An outstanding scientist, prominent manager, talented teacher — these are the main characteristics of the academician Yuri Shoukourian.

He is an author of more than 100 scientific publications, as well supervisor of 19 candidate scientific theses.

Over decades great has been the merit of Yu. Shoukourian in hard and responsible work on directorship of the Institute for Informatics and Automation Problems of the National Academy of Sciences of the Republic of Armenia (IIAP NAS RA).

The transactions of IIAP NAS RA "Mathematical Problems of Computer Science" were restored and have been regular since then. From volume XVIII he has constantly been chief of the Editorial Board.

Many international conferences and scientific relations with various well-known research centers and leading scholars have been arranged by him, as a coordinator or a key participant.

Many of us have experienced the consequences of its genuinely friendly attitude and willingness to come to the aid in both the scientific work and in everyday life.

The conference entitled "Scientific-Educational e-Infrastructures in Armenia: Present Status and Perspectives" was dedicated to the 70th anniversary of academician Yuri Haik Shoukourian.

The healthiest best wishes in work and in all you do. May the years ahead fulfill all your hopes! Many more anniversaries!
