4. XI. 5

Carl Friedrich Gauss

Altenkirchen, Hess. N. 1807

Georg Simon Ohm
Helmstedt, 1827

My dear Sir

I have the pleasure to inform you that the
manuscript of your paper on the theory of
electricity and magnetism has been received.

I have read it with great interest and
admiration. The paper is most
interesting and contains many
valuable results. I am particularly
impressed by the clear and
concise manner in which you
have presented the theory of
electricity and magnetism.
I have no doubt that your
work will be highly valued by
the scientific community.
I am, Sir, very respectfully,
Your obedient servant,
Carl Friedrich Gauss

[The page contains dense, mirrored handwriting from bleed-through, which is illegible.]
