

LIST OF TABLES

1. Fragment of half—spherical cup with hexahedral and round, polished facets.
2. Half—spherical cup with annular support.
- 3—6. Cylindric cups with bottoms. The glass is covered with an olive-green patina.
7. Cup, with a support and a Kufic inscription on its board.
8. Fragment of a cup, with segmented walls
8a. Reconstitution of its shape.
9. Fragment of a cup, with an ornament carved in relief.
10. Mosaic cup.
11. Fragment of a cup made of opaque, bicoloured glass.
12. Cup, with corrugated walls.
13. Fragment of a cup, with ornamented bottom.
14. Fragment of a cup's brim, with an embossed figure of grape-vine.
15. A shallow cup.
16. A similar cup, with a side-view of the bottom.
17. A similar cup.
18. Cup, with its walls widening upwards.
19. Cup, standing on an annular support.
20. Cup, decorated with overlaid threads and oval overlays.
21. Cup, ornamented with a large scalloped applique.
22. Cup, with massive annular support.
23. Cup, with con-shaped bottom and a blue striped ornament at the top (VII,3).
24. Deep cup, with walls widening upwards and flat bottom.
25. Deep cup, with a massive annular support.
26. Deep cup, with delated walls and annular support.
27. Deep cup, with elevated support, the crown decorated with overlaid threads.
28. Fragment of a cup, with drawn-out bottom and scalloped support.
29. Cup, with wide-opened brims and four little legs.
30. Fragment of a cup, with handles.
31. Shallow cup, with flat bottom.
32. Fragment of a similar cup.
33. Fragment of a cup with an ornament made by the method of bilateral stamping.
- 34a, b. Fragments of a cup's bottom.
35. Tulip-shaped cup, with overlaid drops.
36. 37, 38. Cylindric cups with ornaments.
39. A similar cup with polished walls.
40. Cylindric cup with intricate fretted ornaments.
41. Cylindric cup, with annular support.
42. Cup, with walls widening upwards and a flat bottom; the ornament is not deeply carved.
43. A similar cup.
44. Fragment of a cup, with a graved ornament.
45. A corrugated cup.
46. Cup, slightly enlarged on its upper part.
47. A similar cup.
48. A big cup, with outcurved bottom.
49. A similar cup, the boards ornamented with slanting corrugations.
50. A conical cup.
51. A similarly shaped cup.
52. Fragments of a cup, the walls decorated with coloured enamels.
53. Fragments of a cup, with paintings.
- 54—57. Cups, with their walls enlarging on the upper part and with annular supports.
58. Fragment of a cup, with outcurved bottom.
59. Cup, decorated with an overlaid design.
60. A tulip-shaped cup.
61. A similar cup, with overlaid threads.
62. A similar cup, with corrugations.
63. A similar cup, with deep corrugations.
- 64—65. A similar cup, with close corrugations.
66. A similar cup.
67. A similar cup, with intricate corrugations.
68. A similar cup, ornamented with little squares.
69. A similar cup, with incisions.
70. Fragment of a cup, with a browu-coloured ornament,
71. Goblet, with a funnel-shaped reservoir extending to an outstretched leg on the support.
- 72—73. Tetrahedral bottles.
74. A cylindric bottle.

75. A cylindric bottle, with a short neck.
76. Bottle, with annular reservoir and an outstretched cylindric neck.
77. A similar bottle, with various ornaments.
- 78—79. Fragments of bottles made of opaque, bicoloured, thick glass.
80. Bottle, with a large steep-shouldered reservoir.
81. Neck of a similar bottle, with hexahedral crown.
82. Neck of a similar bottle, with disk-shaped crown.
83. Bottle, with a spherical reservoir; the decoration is made in gold and coloured enamel.
84. Bottle, with a spherical reservoir and a conic neck with a disk-shaped crown.
85. A similar bottle, with a narrow, short neck.
86. Bottle, with a spherical reservoir and a long, narrow neck with slanting corrugations.
87. Bottle, with ornamented handle.
88. Bottle, with a spherical reservoir, a bell-shaped neck and a funnel-shaped spout.
89. Fragments of a vessel, with a narrowing wide neck and a bowl-shaped spout.
90. Fragment of a vessel. The neck has a spherical enlargement and a boot-shaped spout.
- 91, 92, 93. Fragments of vessel necks.
94. Fragment of a bottle neck, with a boat-shaped nimbus and a beaked spout.
95. Fragment of a bottle, the neck is composed of two funnels.
96. Fragment of a large bottle.
97. Pear-shaped ewer, with its handle.
98. Pear-shaped ewer, with its support and a handle decorated with various ornaments.
99. Cylindric jug with handle.
100. Fragment of a ewer, with a large, cylindric neck and a printed ornament.
101. Ewer, with a large neck and an annular support. It is decorated with overlaid threads and artificial drops.
102. A similar ewer, with its handle.
103. A spherical, large-necked bottle.
104. A spherical, narrow-necked bottle.
105. A similar bottle.
106. A similar bottle.
107. Crown fragments of spheroid-conical bottles.
- 108—109. Oval flasks, with narrow expanded necks.
110. Flask, with a bowl-shaped spout and two handles.
111. Large vessel, with a narrow expanded neck.
112. Vessel, with a spherical reservoir and a large-opened crown.
113. A cylindric vessel, with a short wide neck. The exterior is decorated with a white dyestuff.
114. A small vessel.
115. Fragment of a spherical vessel.
116. A spherical vessel, with its support.
117. A vessel in the form of a cylindric jar.
118. An open vase, with an updrawn handle.
119. Fragments of a decorated toilet-box.
120. Detail of a handle, with an Arabic inscription.
121. Detail of a handle, with the Arabic inscription: „Made by Ali-Ibn-Abdallah“.
122. Cylindric bottle, with a narrow neck.
- 123—124. An alembic, with a cupola-shaped reservoir.
- 125—126. A cup-shaped alembic.
127. A pendent lamp.
128. A candle-stick.
129. Beads, samples.
130. Mosaic playing figures.
131. Mosaic blocks.
132. Maral-shaped mosaic figures.
133. Bracelets, samples.
