TURKS RENEW. MASSACRES

Majority of Armenians Have
Been Slaughtered
By Pagans.

Ambassador Morgenthau
Sends Report From
Constantinople.

Washington, Oct. 12. — Armenian massacres in Asiatic Turkey have been renewed with vigor since Bulgaria's entrance into the war as Turkey's ally. This information reached the state department from Ambassador Morgenthau, who stated that the majority of the Armenians in Asiatic Turkey had been killed.

Although representations were made by this government some time ago warning Turkey that further atrocities against the Armenians would alienate the sympathies of the American people, no answer has been received.

Earlier representations were met with two concessions promising that those Armenians who wished to leave the country would be permitted to do so unharmed and further that Protestant Armenians would be spared. Information recently reaching this country, however, indicates that these conditions have not been strictly adhered to. From one quarter it was asserted that "they were rescinded the next day."
